Course Description

ATCN Student Provider
The Advanced Trauma Care for Nurses (ATCN) Course is taught concurrently with the Advanced Trauma Life Support (ATLS) for physicians. This program is presented by the Society of Trauma Nurses in cooperation with The American College of Surgeons Committee on Trauma. This course was developed to teach established standards of trauma care and practical life-saving skills. This course includes didactic presentations coupled with corresponding practical skill stations and moulage assessment stations which demonstrate application of didactic information.

ATCN Student Refresher
This course is designed for nurses who completed an ATCN course within the past four years and wish to reverify their ATCN. A copy of current ATCN provider card must be provided at the time of application.

ATCN Instructor Course
This two day instructor course is designed for outstanding RN graduates of the ATCN student course. This instructor course allows the RN, who has been identified as having instructor potential to acquire and demonstrate the skills necessary to become a competent instructor in the ATCN program.

Credits
Provider course approved by the California Board of Registered Nursing, Provider Number 11062 for 19.0 CE contact hours. Refresher course approved for 8.0 CE contact hours.
